Special Instructions

What to do with affected product –

- Segregate affected products, clearly mark the products to prevent use as per your unit instructions.
- Keep an accurate count and written record of the affected product.

How to get credit and/or replacement product –

- Please contact your distributor or place of purchase (including direct delivery from manufacturer) for instruction as to return/destruction/replacement of affected product.
- Distributors may have timelines that must be followed
- For credit assistance, contact your customer service representative at the distributor/place of purchase.

If you have trouble receiving credit, contact BuySmart (1-704-328-3991).

Additional Information

- Salmonella is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with Salmonella often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with Salmonella can result in the organism getting

into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis.
